June 30, 2020

Dear Friends of the gospel,

We will never forget these days that we are living. The Pandemic guidances have kept us off the road and almost cancelled our summer events at Grace Farm. Since March, we have worked in creative ways to serve the Lord in these troubled times.

We beefed up our YouTube ministry. adding over 25 new messages for viewing at **YouTube/Freddie Coile**. Some of those messages were broadcast from our home, with our whole family participating. It was especially meaningful to lead the family communion services, knowing family units would be serving their communions with us!

We started a radio show and also began podcasting it. Josiah is producing the show. **"Focus on the Bible"** podcasts each Friday.

"FOCUS On The Bible" with Freddie Coile is now available on Anchor, Spotify, Apple, Breaker, and Google Podcasts. Just click [HERE](#).

We changed to a "safety schedule" at Grace Farm. We were seeking God's wisdom for our summer events at Grace Farm. When it looked like we would need to cancel events, there were people calling to ask us if they could just come to Grace Farm and work. What a blessing to have so many friends like that! So we worked and had a wonderful time of serving and learning from The Word. We also were able to do day camps, with plenty of guidelines for keeping everything safe. Thanks so much for your prayers and support!

Bethany and her daddy love fishing together.

The Bible Says...

"As arrows are in the hand of a mighty man; so are children of the youth." - Psalm 127:4

Children are a fantastic opportunity and blessing from the Lord, but they need time and instruction. The world continually attacks, attempting to dull, bend, and break them. Lord, help us fight tooth and nail for the children in our lives!

-Freddie, for our family
